

WELCOME MEMBER

Dear SENPA Member,

I applaud your decision to join SENPA. Your action to lend your support in **your** association allows us to represent you in every state and Washington, DC, defending your right to access quality products that work.

I believe a strong trade organization like SENPA is vital to the continued growth and survival of our industry. I encourage each member to participate: come to trade shows, attend our Road Shows, serve on committees, or simply let SENPA know how it's doing. Tell us what you need from us, what we can do better, and, of course, what we're doing right. The results of these activities can provide benefits that are invaluable for all of us: retailers, manufacturers, distributors and brokers. A priority during my tenure as your president is to get as many retailers, manufacturers, distributors, and brokers as possible involved in the many activities of SENPA.

SENPA President

Renee Southard
